# Start With Medicare Basics

## Make sure this plan is a good fit by reviewing the basics

Original Medicare is provided by the federal government and covers some of the costs of hospital stays (Part A) and doctor visits (Part B), but doesn't cover everything. It does not include prescription drug coverage (Part D). Although you are not required to enroll in Part D, there is a penalty of 1% of the average monthly premium for each month you delay enrollment. This must be paid monthly as long as you are enrolled in Part D. Depending on your needs, you may want to add on more coverage.

Original Medicare	
Provided by the federal government	
<b>PART A</b> 	Helps pay for hospital stays and inpatient care
<b>PART B</b> 	Helps pay for doctor visits and outpatient care

### Your options for more coverage:

#### OPTION 1

OR

#### OPTION 2

Add one or both of the following to Original Medicare:

Medicare Supplement Insurance Plan	
Offered by private companies	
	Helps pay some of the out-of-pocket costs that come with Original Medicare

Medicare Part D Plan

## This is a Medicare Advantage Part C Preferred Provider Organization (PPO) plan

Your plan is a Preferred Provider Organization (PPO) plan. With this plan, you have access to a local network of doctors and hospitals. Plus, you can see providers outside the network as long as they participate in Medicare and accept the plan. You may pay a higher copay or coinsurance when you see an out-of-network provider.

### Here's how your PPO plan works

#### Select a primary care provider (PCP) from the network.

It's important to select a PCP from the network when you enroll in this plan. However, you are not limited to this PCP. You can visit any PCP in or out of the network. Your PCP can oversee and help manage your care.

#### You have coverage for emergency care.

Emergency Services and Urgently Needed Services are covered no matter where you go.

#### There's an out-of-pocket spending limit for in-network care.

Once you reach that limit, the plan pays 100% of the future costs for network covered services for the rest of the plan year. Some plans have an out-of-pocket spending limit for out-of-network care.

### You have flexibility in provider choice

The chart below shows what happens when you use network versus out-of-network resources with this plan.

	In-Network	Out-of-Network
Will the doctor or hospital accept my plan?	Yes	Providers have the choice to accept the plan.
Does this plan require a referral to see a Specialist or other providers?	No	No
What will I pay for covered services?	You pay your plan copay or coinsurance.*	You may pay a higher copay or coinsurance.

## There's a Medicare Part D Late Enrollment Penalty

Although you are not required to enroll in Part D, there is a penalty of 1% of the average monthly premium for each month you delay enrollment. This must be paid monthly as long as you are enrolled in Part D.

\*Plan copay or coinsurance amounts apply. You can find a complete listing of network providers and facilities within your plan on our website. Please refer to the Summary of Benefits and Benefit Highlights for more complete plan information.

## Are you eligible for this plan?

### You are eligible for a Medicare Advantage plan if:

You are enrolled in Original Medicare Parts A and B and live in the plan's service area

AND

You do not have end-stage renal disease.

### Are there special eligibility requirements for this plan?

No, as long as you are enrolled in Original Medicare Parts A and B and continue to pay your Part B premium, you are eligible to enroll in this plan.

# Your Drug Plan Coverage and Costs

## Make sure your drugs are covered

Find out if your prescription drugs are covered by checking the Drug List (Formulary) in this Enrollment Guide or the online Formulary at [EstimateDrugCostsAARP.com](https://www.estimate-drug-costs.com).

## Know how much your drugs will cost

The amount you pay for your drug depends on 4 factors: what tier the drug is covered in, where you are within the drug payment stages, where you purchase the drug, and whether or not you have Extra Help.

## Understanding drug tiers

Many plans group covered drugs together by cost. These groupings are called tiers. Generally, the lower the tier, the less you'll have to pay.

Drug List (Formulary) Tiers				
<b>Tier 1</b>	<b>Tier 2</b>	<b>Tier 3</b>	<b>Tier 4</b>	<b>Tier 5</b>
Preferred Generic	Generic	Preferred Brand	Non-preferred Drug	Specialty Tier

**Note:** Not all generic drugs are low cost. There are generic drugs in each tier. Check the drug list for the tier of your specific generic drug.

## Your Part D prescription drug costs

With Medicare Part D prescription drug coverage, the amount you pay for prescriptions may change over the year. Here's why:

- Part D plans may have 4 coverage stages: annual deductible, initial coverage, coverage gap (also known as the donut hole) and catastrophic coverage.
- The amount of money you pay changes depending on the stage you are in.
- Many people never make it further than the initial coverage stage. If you take a lot of medications, especially high-cost medications, you may move into the next stages.
- The pharmaceutical industry may increase the price of drugs at any time in a plan year and pricing for drugs may vary across pharmacies in the network.
- The coverage cycle starts over again on January 1 each plan year.

## Once you're a member

You can easily track how close you are getting to the coverage gap stage by signing in to your account online.

## Explore ways to save time and money

### ✓ Try OptumRx® home delivery

You could pay a \$0 copay for a 90-day supply of Tier 1 and 2 medications by using OptumRx, our preferred home delivery pharmacy.

OptumRx will send the prescriptions you take regularly right to your door with no cost for standard shipping. Register online at **OptumRx.com** to order new prescriptions, request refills and more.

### ✓ Consider generic drugs

Many commonly used prescription drugs have a generic form. Ask your doctor if your drugs are available as generics and if they would be appropriate for you. Then search for the generic versions at **EstimateDrugCostsAARP.com** to determine your potential savings.

### ✓ Use lower-tier drugs

Prescription drugs are grouped into 5 tiers and in general, drugs in lower tiers have lower costs. If your drug is in a higher, more expensive tier, ask your doctor if there is a cheaper alternative that could work for you.

### ✓ Get Extra Help

If you have a limited income, you may be able to get Extra Help with your Medicare prescription drug plan premiums, deductibles and copays. To find out if you qualify, call the Social Security Administration at **1-800-772-1213**, TTY **1-800-325-0778**, 7 a.m. – 7 p.m., Monday – Friday.

**To find a network dentist in your area, go to [www.UHCMedicareDentistSearch.com](http://www.UHCMedicareDentistSearch.com) and select the National Medicare Advantage Network. For more information or to find a network dentist, call the number on the back of your member id card.**

<sup>1</sup> Treatment plans may vary. Talk to your Dentist to find out specifics.

<sup>2</sup> Your health conditions may affect your ability to receive some services in the same day. For example, if you have an oral infection present, a cleaning may be delayed until the infection is no longer present.

<sup>3</sup> You can see any dentist. However, you'll get greater savings from a network dentist. When you see an out-of-network dentist, the plan pays according to a maximum allowable fee schedule; you pay the rest.

<sup>4</sup> Copays may vary depending on service area.

# Summary of Benefits

## January 1st, 2019 - December 31st, 2019

The benefit information provided is a summary of what we cover and what you pay. It doesn't list every service that we cover or list every limitation or exclusion. The Evidence of Coverage (EOC) provides a complete list of services we cover. You can see it online at [www.AARPMedicarePlans.com](http://www.AARPMedicarePlans.com) or you can call Customer Service for help. When you enroll in the plan you will get information that tells you where you can go online to view your Evidence of Coverage.

### About this plan.

AARP® MedicareComplete Choice® Plan 2 (PPO) is a Medicare Advantage PPO plan with a Medicare contract.

To join this plan, you must be entitled to Medicare Part A, be enrolled in Medicare Part B, live within our service area listed inside the cover, and be a United States citizen or lawfully present in the United States.

### Use network providers and pharmacies.

AARP® MedicareComplete Choice® Plan 2 (PPO) has a network of doctors, hospitals, pharmacies, and other providers. When looking at the following charts you'll see the cost differences for in-network vs. out-of-network care and services. If you use pharmacies that are not in our network, the plan may not pay for those drugs, or you may pay more than you pay at an in-network pharmacy.

You can go to [www.AARPMedicarePlans.com](http://www.AARPMedicarePlans.com) to search for a network provider or pharmacy using the online directories. You can also view the plan Drug List (Formulary) to see what drugs are covered, and if there are any restrictions.

- ✓ In addition to your monthly plan premium, you must continue to pay your Medicare Part B premium. This premium is normally taken out of your Social Security check each month.
- ✓ Benefits, premiums and/or copays/coinsurance may change on January 1, 2019.
- ✓ Our plan allows you to see providers outside of our network (non-contracted providers). However, while we will pay for covered services provided by a non-contracted provider, the provider must agree to treat you. Except in an emergency or urgent situation, non-contracted providers may deny care. In addition, you may pay a higher copay for services received by non-contracted providers.

## UnitedHealthcare - H2228

### 2019 Medicare Star Ratings\*

The Medicare Program rates all health and prescription drug plans each year, based on a plan's quality and performance. Medicare Star Ratings help you know how good a job our plan is doing. You can use these Star Ratings to compare our plan's performance to other plans. The two main types of Star Ratings are:

1. An Overall Star Rating that combines all of our plan's scores.
2. Summary Star Rating that focuses on our medical or our prescription drug services.

Some of the areas Medicare reviews for these ratings include:

- How our members rate our plan's services and care;
- How well our doctors detect illnesses and keep members healthy;
- How well our plan helps our members use recommended and safe prescription medications.

For 2019, UnitedHealthcare received the following Overall Star Rating from Medicare.

★★★★★  
4 stars

We received the following Summary Star Rating for UnitedHealthcare's health/drug plan services:

#### Health Plan Services:

★★★★½  
3.5 stars

#### Drug Plan Services:

★★★★½  
4.5 stars

The number of stars shows how well our plan performs.

★★★★★ 5 stars - excellent  
★★★★ 4 stars - above average  
★★★ 3 stars - average  
★★ 2 stars - below average  
★ 1 star - poor

## Stand-alone Medicare Prescription Drug Plans (Part D)

**Medicare Prescription Drug Plan (PDP)** — A stand-alone drug plan that adds prescription drug coverage to Original Medicare, some Medicare Cost Plans, some Medicare Private Fee-For-Service Plans, and Medicare Medical Savings Account Plans.

## Medicare Advantage Plans (Part C) and Cost Plans

**Medicare Health Maintenance Organization (HMO)** — A Medicare Advantage Plan that provides all Original Medicare Part A and Part B health coverage and sometimes covers Part D prescription drug coverage. In most HMOs, you can only get your care from doctors or hospitals in the plan's network (except in emergencies).

**Medicare HMO Point-of-Service (HMO-POS) Plans** — A Medicare Advantage Plan that provides all Original Medicare Part A and Part B health coverage and sometimes covers Part D prescription drug coverage. HMO-POS plans may allow you to get some services out of network for a higher copayment or coinsurance.

**Medicare Preferred Provider Organization (PPO) Plan** — A Medicare Advantage Plan that provides all Original Medicare Part A and Part B health coverage and sometimes covers Part D prescription drug coverage. PPOs have network doctors, providers and hospitals but you can also use out-of-network providers, usually at a higher cost.

**Medicare Private Fee-For-Service (PFFS) Plan** — A Medicare Advantage Plan in which you may go to any Medicare-approved doctor, hospital and provider that accepts the plan's payment, terms and conditions and agrees to treat you — not all providers will. If you join a PFFS Plan that has a network, you can see any of the network providers who have agreed to always treat plan members. You will usually pay more to see out-of-network providers.

**Medicare Special Needs Plan (SNP)** — A Medicare Advantage Plan that has a benefit package designed for people with special health care needs. Examples of the specific groups served include people who have both Medicare and Medicaid, people who reside in nursing homes, and people who have certain chronic medical conditions.

**Medicare Medical Savings Account (MSA) Plan** — MSA Plans combine a high deductible health plan with a bank account. The plan deposits money from Medicare into the account. You can use it to pay your medical expenses until your deductible is met.

**Medicare Cost Plan** — In a Medicare Cost Plan, you can go to providers both in and out of network. If you get services outside of the plan's network, your Medicare-covered services will be paid for under Original Medicare but you will be responsible for Medicare coinsurance and deductibles.

## Other Related Products

**Dental/Vision/Hearing Products** — Plans offering additional benefits for consumers who are looking to cover needs for dental, vision, or hearing. These plans are not affiliated or connected to Medicare.

**Hospital Indemnity Products** — Plans offering additional benefits; payable to consumers based upon their medical utilization; sometimes used to defray copays/coinsurance. These plans are not affiliated or connected to Medicare.

**Medicare Supplement (Medigap) Products** — Insurance plans that help pay some of the out-of-pocket costs not paid by Original Medicare (Parts A and B) such as deductibles and coinsurance amounts for Medicare approved services.

Plans are insured through UnitedHealthcare Insurance Company or one of its affiliated companies, a Medicare Advantage organization with a Medicare contract and a Medicare-approved Part D sponsor. Enrollment in these plans depends on the plan's contract renewal with Medicare.

We'll set it up. It may take a few months before payment starts, so the first payment may include more than one premium. In most cases, if Social Security or RRB accepts your request for automatic deduction, the first deduction from your Social Security or RRB benefit check will include all premiums due from your enrollment effective date up to the point withholding begins. If Social Security or RRB does not approve your request for automatic deduction or there is a delay in setup, we will send you a paper bill for your monthly premiums.

**I want to pay directly from a bank account.**

- Please attach a blank check from the account you'd like to use. Write "VOID" across the front. Please DO NOT send a deposit slip or money order.

### A few notes about your costs.

#### If you must pay a Part D-Income Related Monthly Adjustment Amount (Part D-IRMAA)

Social Security (SS) will send you a letter and ask you how you want to pay it:

- You can pay it from your SS check
- Medicare can bill you
- The Railroad Retirement Board (RRB) can bill you

Please DO NOT pay the plan the Part D-IRMAA at this time.

#### Need help with your prescription drug costs?

If you have a limited income, you may be able to get Extra Help with your prescription drug costs. If you qualify, Medicare could pay for 75% or more of your costs, including monthly prescription drug premiums, annual deductibles, and coinsurance. Additionally, you won't have a coverage gap or late enrollment penalty. Many people are eligible for these savings and don't even know it. If you qualify for Extra Help with your Medicare prescription drug coverage costs, Medicare will pay all or part of your plan premium. If Medicare pays only part of your premium, we will bill you for the amount that Medicare doesn't cover.

For more information about this Extra Help, contact your local Social Security office, or call Social Security at 1-800-772-1213. TTY users should call 1-800-325-0778. You can also apply for Extra Help online at [www.socialsecurity.gov/prescriptionhelp](http://www.socialsecurity.gov/prescriptionhelp).

**By completing this form, I agree to the following:**

- This is a Medicare Advantage plan. It has a contract with the federal government. This is not a Medicare Supplement plan.
- I need to keep my Medicare Parts A and B. I must keep paying my Part B premium if I have one, unless Medicaid or someone else pays for it.
- I can only be in one Medicare health plan or Prescription Drug plan at a time. If I'm a member of another Medicare health plan or Prescription Drug plan and I join this plan, I will lose the other plan.
- If I have prescription drug coverage now or if I get it from somewhere else later, I will tell the plan.
- I may have to pay a late enrollment penalty (LEP). This would only happen if I didn't sign up for and keep creditable prescription drug coverage when I first qualified for Medicare. "Creditable" means the coverage is as good as a Medicare prescription drug plan. If I need to pay a LEP, the plan will tell me.
- I understand that I am joining the plan for the entire calendar year. If I want to change plans, I'll need to do so during the Open Enrollment Period for Medicare Advantage AND Medicare prescription drug coverage between October 15 and December 7. There may be special situations that would allow me to leave the plan at other times.
- This plan covers a specific area. If I plan to move out of the area, I will call my plan to switch to a plan in the new area. Medicare may not cover me when I'm out of the country. However, I have some limited coverage near the U.S. border.
- I will receive information on how to get an Evidence of Coverage. (The EOC is also known as a member contract or subscriber agreement.) The EOC will list services the plan covers, as well as the plan's terms and conditions. The plan will cover services it approves, as well as services listed in the EOC. If a service isn't listed in the EOC or approved by the plan, Medicare and the plan won't pay for it. If I disagree with how the plan covers my care, I have the right to make an appeal.
- I understand that beginning on the date the plan coverage begins, using network services can cost less than using services out-of-network, except for emergency or urgently needed services

- or out-of-area dialysis services. If I happen to pay full price for any network or out-of-network services received, this plan provides refunds for all medically necessary covered benefits.
- If I currently have Medicare Supplement Insurance (Medigap), I will cancel it in writing. I, not my agent, must cancel. I will cancel after my new plan tells me I've been accepted into the plan.
  - My plan will give my information to Medicare and other plans when needed for treatment, payment and health care operations. This may include my prescription drug information. Medicare uses the information to understand how my care was handled or billed. Other plans may need my information when they help pay for my care. Medicare may also give my information for research and other purposes. All federal laws and rules protecting my privacy will be followed.
  - If I get help from a sales agent, broker or someone who has a contract with the plan, the plan may pay that person for this help.
  - The information on this form is correct, to the best of my knowledge. I understand that if I put information on this form that I know is not true, I will lose the plan.
