Start With Medicare Basics

Make sure this plan is a good fit by reviewing the basics

Original Medicare is provided by the federal government and covers some of the costs of hospital stays (Part A) and doctor visits (Part B), but doesn't cover everything. It does not include prescription drug coverage (Part D). Although you are not required to enroll in Part D, there is a penalty of 1% of the average monthly premium for each month you delay enrollment. This must be paid monthly as long as you are enrolled in Part D. Depending on your needs, you may want to add on more coverage.

This is a Medicare Part D Prescription Drug plan (PDP)

Here's how your Medicare Part D plan works

What does it cover?

Original Medicare (Parts A and B) does not include prescription drug coverage. Medicare Part D plans cover certain prescription drugs. When comparing Medicare Part D coverage, check each plan's formulary (drug list) to make sure your drugs are included.

- The federal government sets guidelines for the types of drugs Medicare Part D plans must cover
- Each Medicare Part D plan decides which specific drugs it will cover and what members will pay
- Medicare Part D plans are available to those eligible for Medicare
- If you choose to enroll in a Part D plan, you can only do so through a private insurance company like UnitedHealthcare or other companies contracted with Medicare

When to enroll in a Medicare Part D plan.

Your Initial Enrollment Period (IEP) is 7 months long. It includes your birthday month, plus the 3 months before and the 3 months after your birthday month. Your IEP begins and ends one month earlier if your birthday is on the first of the month.

If you have creditable drug coverage through your employer or other insurance, you don't need to enroll in a Part D plan right away. Creditable drug coverage is coverage at least as good as you could get through Medicare Part D. You have a two-month Special Election Period to enroll in a Medicare Part D plan after losing other coverage. You could be charged a penalty if you go without creditable drug coverage over 63 days.

There's a Medicare Part D Late Enrollment Penalty

Although you are not required to enroll in Part D, there is a penalty of 1% of the average monthly premium for each month you delay enrollment. This must be paid monthly as long as you are enrolled in Part D.

Are you eligible for this plan?

You are eligible for a Medicare Part D plan if:

You are enrolled in Original Medicare Parts A or B (or both)

Live in the plan's service area

Considerations for selecting the Part D plan that's right for you

Does the plan cover my prescription drugs?

• Enter your drugs into our online Drug Cost Estimator tool, EstimateDrugCostsAARP.com to determine the total annual drug cost for each plan.

Which plan will be most cost effective?

• When comparing plans be sure to consider all costs, including monthly premium, copays, deductibles and the tier your drugs fall into.

Are you willing to fill at a pharmacy in the plan's Preferred Pharmacy Network?

• Using a preferred network pharmacy helps ensure that you get the lowest drug cost.

Plans are insured through UnitedHealthcare Insurance Company or one of its affiliated companies, a Medicare-approved Part D sponsor. Enrollment in the plan depends on the plan's contract renewal with Medicare. United contracts directly with Walgreens for this plan; AARP and its affiliates are not parties to that contractual relationship. \$0 copay is applicable for Tier 1 medications during the initial coverage phase and may not apply during the coverage gap; it does not apply during the catastrophic stage.

This information is not a complete description of benefits. Contact the plan for more information. AARP® MedicareRx Walgreens (PDP)'s pharmacy network includes limited lower-cost pharmacies in urban WV; suburban CA, HI, ND, PA, and rural AK, AR, HI, IA, ID, KS, MN, MO, MS, MT, NE, OK, PA, SD, TX, and WY. There are an extremely limited number of preferred cost share pharmacies in rural ND. The lower costs advertised in our plan materials for these pharmacies may not be available at the pharmacy you use. For up-to-date information about our network pharmacies, including whether there are any lower-cost preferred pharmacies in your area, please call us or consult the online pharmacy directory using the contact information that appears on the booklet cover.

Your Drug Plan Coverage and Costs

Make sure your drugs are covered

Find out if your prescription drugs are covered by checking the Drug List (Formulary) in this Enrollment Guide or the online Formulary at **EstimateDrugCostsAARP.com**.

Know how much your drugs will cost

The amount you pay for your drug depends on 4 factors: what tier the drug is covered in, where you are within the drug payment stages, where you purchase the drug, and whether or not you have Extra Help.

Understanding drug tiers

Many plans group covered drugs together by cost. These groupings are called tiers. Generally, the lower the tier, the less you'll have to pay.

Drug List (Formu	ulary) Tiers	;		
Tier 1 Preferred Generic	Tier 2 Generic	Tier 3 Preferred Brand	Tier 4 Non-preferred Drug	Tier 5 Specialty Tier

Note: Not all generic drugs are low cost. There are generic drugs in each tier. Check the drug list for the tier of your specific generic drug.

Your Part D prescription drug costs

With Medicare Part D prescription drug coverage, the amount you pay for prescriptions may change over the year. Here's why:

- Part D plans may have 4 coverage stages: annual deductible, initial coverage, coverage gap (also known as the donut hole) and catastrophic coverage.
- The amount of money you pay changes depending on the stage you are in.
- Many people never make it further than the initial coverage stage. If you take a lot of medications, especially high-cost medications, you may move into the next stages.
- The pharmaceutical industry may increase the price of drugs at any time in a plan year and pricing for drugs may vary across pharmacies in the network.
- The coverage cycle starts over again on January 1 each plan year.

Once you're a member You can easily track how close you are getting to the coverage gap stage by signing in to your account online.

Explore ways to save time and money

✓ Copays as low as \$0 at Walgreens¹

UnitedHealthcare and Walgreens have worked together to offer you our lowest prescription drug copays. You could save \$15 or more by using Walgreens, Rite Aid featuring a Walgreens pharmacy or Duane Reade versus a standard network pharmacy.² Visit **FindMyPharmacyAARP.com** to find a location near you.

⊘ Enjoy the convenience of OptumRx[®] home delivery

You could pay a \$0 copay for a 90-day supply of Tier 1 medications by using OptumRx, our preferred home delivery pharmacy.

OptumRx will send the prescriptions you take regularly right to your door with no cost for standard shipping. Register online at **OptumRx.com** to order new prescriptions, request refills and more.

Consider generic drugs

Many commonly used prescription drugs have a generic form. Ask your doctor if your drugs are available as generics and if they would be appropriate for you. Then search for the generic versions at **EstimateDrugCostsAARP.com** to determine your potential savings.

Use lower-tier drugs

Prescription drugs are grouped into 5 tiers and in general, drugs in lower tiers have lower costs. If your drug is in a higher, more expensive tier, ask your doctor if there is a cheaper alternative that could work for you.

Get Extra Help

If you have a limited income, you may be able to get Extra Help with your Medicare prescription drug plan premiums, deductibles and copays. To find out if you qualify, call the Social Security Administration at **1-800-772-1213**, TTY **1-800-325-0778**, 7 a.m. – 7 p.m., Monday – Friday.

¹Other pharmacies are available in our network.

²Only Rite Aid stores featuring a Walgreens pharmacy are part of the Preferred Retail Pharmacy Network. All other Rite Aid stores are in the standard retail pharmacy network.

2019 Medicare Star Ratings*

The Medicare Program rates all health and prescription drug plans each year, based on a plan's quality and performance. Medicare Star Ratings help you know how good a job our plan is doing. You can use these Star Ratings to compare our plan's performance to other plans. The two main types of Star Ratings are:

- 1. An Overall Star Rating that combines all of our plan's scores.
- 2. Summary Star Rating that focuses on our medical or our prescription drug services.

Some of the areas Medicare reviews for these ratings include:

- ☐ How our members rate our plan's services and care;
- ☐ How well our doctors detect illnesses and keep members healthy;
- ☐ How well our plan helps our members use recommended and safe prescription medications.

For 2019, UnitedHealthcare received the following Overall Star Rating from Medicare.

We received the following Summary Star Rating for UnitedHealthcare's health/drug plan services:

Health Plan Services: Not offered

Drug Plan Services: 3 stars

The number of stars shows how well our plan performs.

 $\bigstar \bigstar \bigstar \bigstar \bigstar$ 5 stars - excellent

★ ★ ★ ★ 4 stars - above average

★ ★ ★ 3 stars - average

★ ★ 2 stars - below average

★ 1 star - poor

NOTES	

Drug List

This is a partial alphabetical list of prescription drugs covered by the AARP® MedicareRx Walgreens (PDP) plan as of September 1, 2018. This list can change throughout the year. Call us or go online for the most complete, up-to-date information. Our phone number and website are listed on the back cover of this book.

- □ Brand name drugs are in bold type. Generic drugs are in plain type
 □ Your plan may have an annual prescription deductible
 □ Covered drugs are placed in tiers. Each tier has a different cost
 Tier 1: Preferred generic
 Tier 2: Generic
 Tier 3: Preferred brand
 Tier 4: Non-preferred drug
 Tier 5: Specialty tier
- See the Summary of Benefits in this book to find out what you'll pay for these drugs
 Some drugs have coverage requirements, such as Prior Authorization or Step Therapy

PA Prior authorization	The plan needs more information from your doctor to make sure the drug is being used correctly for a medical condition covered by Medicare. If you don't get prior approval, it may not be covered.
QL Quantity limits	The plan only covers a certain amount of this drug for 1 copay. Limits help make sure the drug is used safely. If your doctor prescribes more than the limit, you or your doctor can ask the plan to cover the additional quantity.
ST Step therapy	You may need to try lower-cost drugs that treat the same condition before the plan will cover your drug. If you have tried other drugs or your doctor thinks they are not right for you, you or your doctor can ask the plan for coverage.
B/D Medicare Part B or Part D	Depending on how this drug is used, it may be covered by Medicare Part B or Part D. Your doctor may need to give the plan more information about how this drug will be used to make sure it's covered correctly.
LA Limited access	The FDA only lets certain facilities or doctors give out this drug. It may require extra handling, doctor coordination or patient education.

MME Morphine milligram equivalent	Additional quantity limits may apply across all drugs in the opioid class used for the treatment of pain. This additional limit is called a cumulative morphine milligram equivalent (MME), and is designed to monitor safe dosing levels of opioids for individuals who may be taking more than 1 opioid drug for pain management. If your doctor prescribes more than this amount or thinks the limit is not right for your situation, you or your doctor can ask the plan to cover the additional quantity.
7D 7-Day limit	An opioid drug used for the treatment of acute pain may be limited to a 7-day supply for members with no recent history of opioid use. This limit is intended to minimize long-term opioid use. For members who are new to the plan, and have a recent history of using opioids, the limit may be overridden by having the pharmacy contact the plan.
DL Dispensing limit	Dispensing limits apply to this drug. This drug is limited to a 1 month supply per prescription.

The formulary may change at any time. You will receive notice when necessary.

Plans are insured through UnitedHealthcare Insurance Company or one of its affiliated companies, a Medicare-approved Part D sponsor. Enrollment in the plan depends on the plan's contract renewal with Medicare. UnitedHealthcare Insurance Company pays royalty fees to AARP for the use of its intellectual property. These fees are used for the general purposes of AARP. AARP and its affiliates are not insurers. You do not need to be an AARP member to enroll. AARP encourages you to consider your needs when selecting products and does not make specific product or pharmacy recommendations for individuals. United contracts directly with Walgreens for this plan; AARP and its affiliates are not parties to that contractual relationship.

Stand-alone Medicare Prescription Drug Plans (Part D)

Medicare Prescription Drug Plan (PDP) — A stand-alone drug plan that adds prescription drug coverage to Original Medicare, some Medicare Cost Plans, some Medicare Private Fee-For-Service Plans, and Medicare Medical Savings Account Plans.

Medicare Advantage Plans (Part C) and Cost Plans

Medicare Health Maintenance Organization (HMO) — A Medicare Advantage Plan that provides all Original Medicare Part A and Part B health coverage and sometimes covers Part D prescription drug coverage. In most HMOs, you can only get your care from doctors or hospitals in the plan's network (except in emergencies).

Medicare HMO Point-of-Service (HMO-POS) Plans — A Medicare Advantage Plan that provides all Original Medicare Part A and Part B health coverage and sometimes covers Part D prescription drug coverage. HMO-POS plans may allow you to get some services out of network for a higher copayment or coinsurance.

Medicare Preferred Provider Organization (PPO) Plan — A Medicare Advantage Plan that provides all Original Medicare Part A and Part B health coverage and sometimes covers Part D prescription drug coverage. PPOs have network doctors, providers and hospitals but you can also use out-of-network providers, usually at a higher cost.

Medicare Private Fee-For-Service (PFFS) Plan — A Medicare Advantage Plan in which you may go to any Medicare-approved doctor, hospital and provider that accepts the plan's payment, terms and conditions and agrees to treat you — not all providers will. If you join a PFFS Plan that has a network, you can see any of the network providers who have agreed to always treat plan members. You will usually pay more to see out-of-network providers.

Medicare Special Needs Plan (SNP) — A Medicare Advantage Plan that has a benefit package designed for people with special health care needs. Examples of the specific groups served include people who have both Medicare and Medicaid, people who reside in nursing homes, and people who have certain chronic medical conditions.

Medicare Medical Savings Account (MSA) Plan — MSA Plans combine a high deductible health plan with a bank account. The plan deposits money from Medicare into the account. You can use it to pay your medical expenses until your deductible is met.

Medicare Cost Plan — In a Medicare Cost Plan, you can go to providers both in and out of network. If you get services outside of the plan's network, your Medicare-covered services will be paid for under Original Medicare but you will be responsible for Medicare coinsurance and deductibles.

Other Related Products

Dental/Vision/Hearing Products — Plans offering additional benefits for consumers who are looking to cover needs for dental, vision, or hearing. These plans are not affiliated or connected to Medicare.

Hospital Indemnity Products — Plans offering additional benefits; payable to consumers based upon their medical utilization; sometimes used to defray copays/coinsurance. These plans are not affiliated or connected to Medicare.

Medicare Supplement (Medigap) Products — Insurance plans that help pay some of the out-of-pocket costs not paid by Original Medicare (Parts A and B) such as deductibles and coinsurance amounts for Medicare approved services.

Plans are insured through UnitedHealthcare Insurance Company or one of its affiliated companies, a Medicare Advantage organization with a Medicare contract and a Medicare-approved Part D sponsor. Enrollment in these plans depends on the plan's contract renewal with Medicare.

☐ AARP MedicareRx Walgreens (PDP) W

Please Read This Important Information

This is a Part D plan. It's designed to help pay the cost of prescription drugs. **Note:** If you have a Medicare Advantage plan:

- ☐ You may already have drug coverage
- ☐ You will lose that plan automatically when you sign up for a Part D plan. This means you would lose your medical coverage. This will affect both your doctor and hospital coverage as well as your prescription drug coverage. Read the information that your Medicare Advantage plan sends you and if you have questions, contact your Medicare Advantage plan. If you have an MA-only PFFS plan, you may still enroll in a PDP and will not lose your MA-only PFFS plan.

If you currently have health coverage from an employer or union, joining this plan could affect your employer or union health benefits. You could lose your employer or union coverage if you join this plan. Read the communication your employer or union sends you. If you have questions, visit their website, or contact the office listed in their communications. If there isn't information on whom to contact, your benefits administrator or the office that answers questions about your coverage can help.

If you have a monthly plan premium (including any late enrollment penalty you may owe), you can choose to pay your premium by automatic deduction from your Social Security or Railroad Retirement Board benefit check each month. You can also pay from your bank account through Electronic Funds Transfer (EFT), online or by mail.

This plan has a premium (monthly payment). Please choose how you want to pay it. Note: If you have a late enrollment penalty (LEP), we'll add it to your premium.

HERE	This plan has a premium (monthly payment). Please choose how you want to pay it. Note: If you have a late enrollment penalty (LEP), we'll add it to your premium.
TEAR	If you don't choose an option, we'll send a bill each month to your mailing address.
F	☐ I want to pay from my Social Security or Railroad Retirement Board (RRB) check. I get monthly benefits from: ☐ Social Security ☐ RRB
	We'll set it up. It may take a few months before payment starts, so the first payment may include more than one premium. In most cases, if Social Security or RRB accepts your request for automatic deduction, the first deduction from your Social Security or RRB benefit check will include all premiums due from your enrollment effective date up to the point withholding begins. If Social Security or RRB does not approve your request for automatic deduction or there is a delay in setup, we will send you a paper bill for your monthly premiums.
TEAR HERE	□ I want to pay directly from a bank account. □ Please attach a blank check from the account you'd like to use. Write "VOID" across the front. Please DO NOT send a deposit slip or money order. □ Please read the statement below. My bank may pay my plan premium to UnitedHealthcare Insurance Company (UnitedHealthcare Insurance Company of New York for New York residents) (UHIC). My bank will pay the funds from my checking or savings account on or about the fifth of each month. The charges may include up to \$200 of current retroactive charges plus the monthly premium amount. If I choose to stop paying directly from my account, I will tell both UHIC and my bank. I will give them a reasonable amount of time to change my method of payment.

	Need help with your prescription drug costs?
	If you have a limited income, you may be able to get Extra Help with your prescription drug costs. If you qualify, Medicare could pay for 75% or more of your costs, including monthly prescription drug premiums, annual deductibles, and coinsurance. Additionally, you won't have a coverage gap or late enrollment penalty. Many people are eligible for these savings and don't even know it. If you qualify for extra help with your Medicare prescription drug coverage costs, Medicare will pay all or part of your plan premium. If Medicare pays only part of your premium, we will bill you for the amount that Medicare doesn't cover.
	For more information about this Extra Help, contact your local Social Security office, or call Social Security at 1-800-772-1213. TTY users should call 1-800-325-0778. You can also apply for Extra Help online at www.socialsecurity.gov/prescriptionhelp.

We want to help you take advantage of everything your plan has to offer. Keep this page and track your progress as you go. We'll be here to help every step of the way.

YOU ARE HERE Enrollment submitted Verification Letter We received your application. **Welcome Letter and Member ID Card** Great news — your application has been approved. **Welcome Guide** Get to know your plan. Your plan coverage begins. You can start using your plan.

Get ready to use your plan to your advantage

Below are some helpful savings options for when your plan coverage begins:

Learn about and sign up for prescription home delivery. Once your coverage begins, sign up and save by having your 3-month supply of medication conveniently mailed to your home.

Save \$15 or more on each prescription when you fill them at a Walgreens or Duane Reade retail pharmacy. To help you save money, UnitedHealthcare and Walgreens are working together to offer you low prescription drug copays when you fill your prescriptions at a Walgreens or Duane Reade retail pharmacy.

Review your drugs with your doctor.

Bring a list of all the drugs you are currently taking with you to your doctor's appointments. Ask about generic drugs and lower-cost options that may be available to you and if they might work for you.

Thank you for choosing UnitedHealthcare®

When you receive your UnitedHealthcare member ID card you can use it to register online at **myAARPMedicare.com**. After you register you can find pharmacies in your area, view plan documents and review your drug list (Formulary). If you have any questions, you can call the Customer Service number on the back of your member ID card.
